**Chairman, DanCham Malaysia**

Discover the best Malaysian businesses and opportunities with the Danish Chamber of Commerce Malaysia (DanCham Malaysia) 2nd Edition of Membership E-Directory. We're thrilled to present this valuable resource to our members and partners, and we extend our appreciation for their continued support despite the challenges of the Covid-19 pandemic.

In addition to the e-directory, we're excited to share the latest updates on Malaysia's 2023 budget, which includes several significant initiatives. Here's a breakdown of the notable allocations:

- RM4.9 billion to strengthen public healthcare services, including procurement of medicines, reagents, vaccines, and consumables.
- RM15 billion to implement flood mitigation.
- RM16.5 billion for transportation infrastructure projects.
- RM3 billion allocated to the Green Technology Financing Scheme (GTFS).
- High Technology & Green Technology Fund increase from RM800 million to RM1 billion.

Furthermore, the budget introduces new Green Investment Tax Incentives (GITA) and Green Income Tax Exemption (GITE) to encourage sustainable practices. Here's what you need to know:

- GITE services and leasing – 70% income tax exemption for 3 years.
- GITA projects and assets – 100% of ITA for 3 years to be offset against 70% of statutory income.

It's worth noting that applications for the above incentives must be received by the Malaysian Investment Development Authority (MIDA) or the Malaysian Green Technology And Climate Change Corporation (MGTC) by 31 December 2023.

We hope our members can benefit from these initiatives and continue to grow their businesses in Malaysia. Join DanCham Malaysia today to access even more opportunities!

With best wishes.

Allan Hvid Jensen
